MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Construction of Special Purpose Living Quarters
25X1A6a on [REDACTED] Property

1. This memorandum contains a recommendation for DD/S action in paragraph 7 below.

2. The attached letter to General Cabell is based on the results of my talks with the various offices concerned.

3. During the course of my work on this problem, I came upon additional information which, although not essential to this question at the moment, I believe will be of interest to you.

4. In talking with the [REDACTED], I learned that they had been working up material for a proposal to develop a cadre of some 50 contract-type limited-war-type personnel for use in [REDACTED] adjacent to [REDACTED], has been mentioned as a possible site for training and as a rear staging area. The information developed by [REDACTED] has been turned over to WH Division where it is under discussion. WH will keep me advised on this as it might, if [REDACTED] does become involved, result in construction requirements at [REDACTED]

5. The above notwithstanding, probably because it is in such a preliminary stage, WH Division has stated that their ability to operate black from [REDACTED] is almost negligible, and if they were to use it as a staging area they would quarter the staff in the motels nearby rather than in a safe house on the base. In any event they would prefer to work out of [REDACTED]. No decision has been made on the retention of this base, and WH believes that by reducing the number of buildings, eliminating the internal guard and using a new berate decontaminating system, they can reduce annual costs from \$120,000.00 to \$80,000.00.

6. The only offices which had favorable views on the safe house were Office of Training and Logistics. Here, however, it was a case of taking advantage of a facility which had been established for other reasons.

7. In my opinion based on the above there is no need or justification for this facility at this time. I recommend that you sign the attached memorandum to the DDCI.
